

MSD and You

Working TOGETHER In Our

COMMUNITY

Learn. Share. Get Engaged. During rain storms, sewers can overflow raw sewage into the community's streams and Ohio River. MSD will be hosting a discussion to share its plans for the Nightingale Pump Station Replacement and Storage project, as well as providing an update on the Camp Taylor Sewer Rehabilitation and Replacement projects. You will also learn how to lessen sewer overflows, why they occur, and how you can help protect your family, pets, the environment and how to keep sewer rates low. Be a part of the solution by joining us at:

WHERE: Holy Family Catholic Church – Riede Room
3926 Poplar Level Rd.
Louisville, KY 40213

WHEN: Tuesday, June 17, 2014
6:00 p.m.

Although MSD encourages your attendance, questions and comments regarding sewer overflow abatement projects may also be submitted via email at commentsIOAP@msdlouky.org.

Comments may also be mailed in hard copy addressed to:

MSD IOAP Project Comments
Attn: Project WIN Program Manager
700 West Liberty St.
Louisville, KY 40203

For additional information about this program, refer to the Project WIN website at msdprojectwin.org.
