

MSD and You

Working TOGETHER In Our

COMMUNITY

Learn. Share. Get Engaged. During rain storms, sewers can overflow raw sewage into the community's streams and Ohio River. MSD will be hosting a discussion to share its plans for an underground storage facility in the Clifton area. You will learn how to lessen sewer overflows, why they occur, and how you can help protect your family, pets, the environment and how to keep sewer rates low. Be a part of the solution by joining us at:

WHERE: Lincoln Elementary Performing Arts Theater
930 East Main Street
Louisville, KY 40206

WHEN: Tuesday, March 25, 2014
6:00 p.m.

Although MSD encourages your attendance, questions and comments regarding sewer overflow abatement projects may also be submitted via email at commentsIOAP@msdlouky.org.

Comments may also be mailed in hard copy addressed to:

MSD IOAP Project Comments
Attn: Project WIN Program Manager
700 West Liberty St.
Louisville, KY 40203

For additional information about this program, refer to the Project WIN website at msdprojectwin.org.
