

What We Will Do Today

1. Project WIN Overview
2. Gather participant demographics
3. Provide an update on the I-64 & Grinstead CSO Basin design process
4. Explore possible site concepts
5. Collect suitability and potential enhancement input
6. Collect comments on other aspects of the project

Pilot Public Engagement Process

- Have you help us develop the best solutions possible within our legal obligations
- Give everyone an equal voice
- Show you the results of your input

Technology Aid: RF Keypads

- Simple
- Anonymous
- Simultaneous
- Scalable
- Equal Voice for All

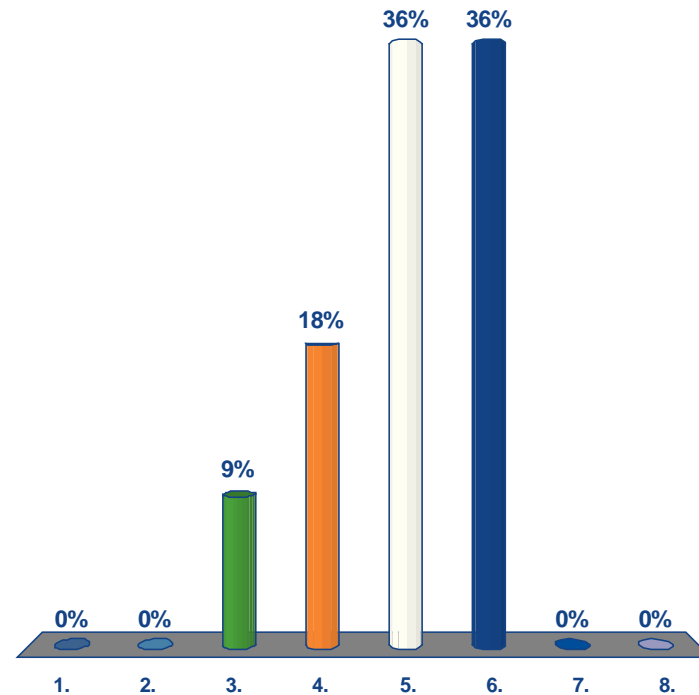

How the Keypads Work

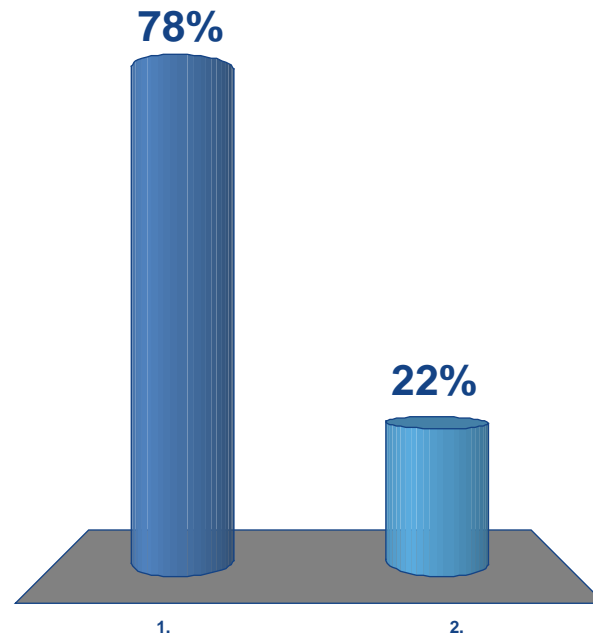

How Young Are You?

1. 0-19
2. 20-29
3. 30-39
4. 40-49
5. 50-59
6. 60-69
7. 70-79
8. 80+

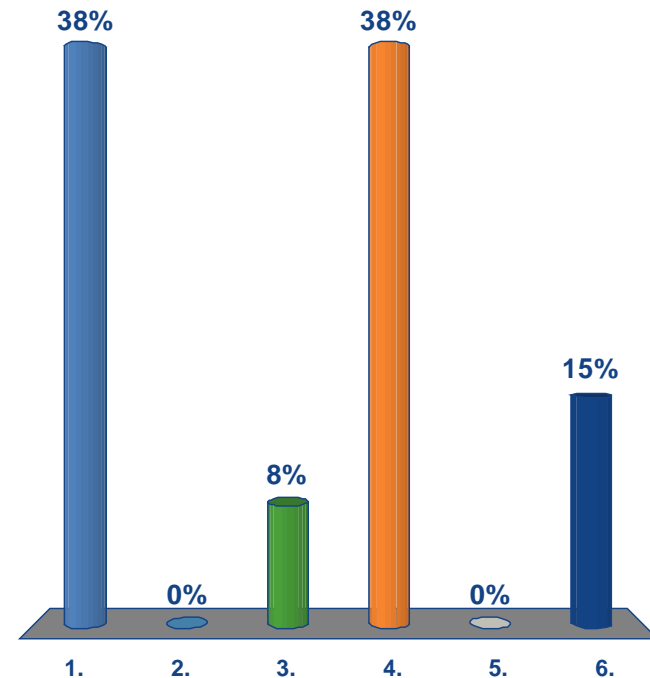

Gender?

1. Male
2. Female

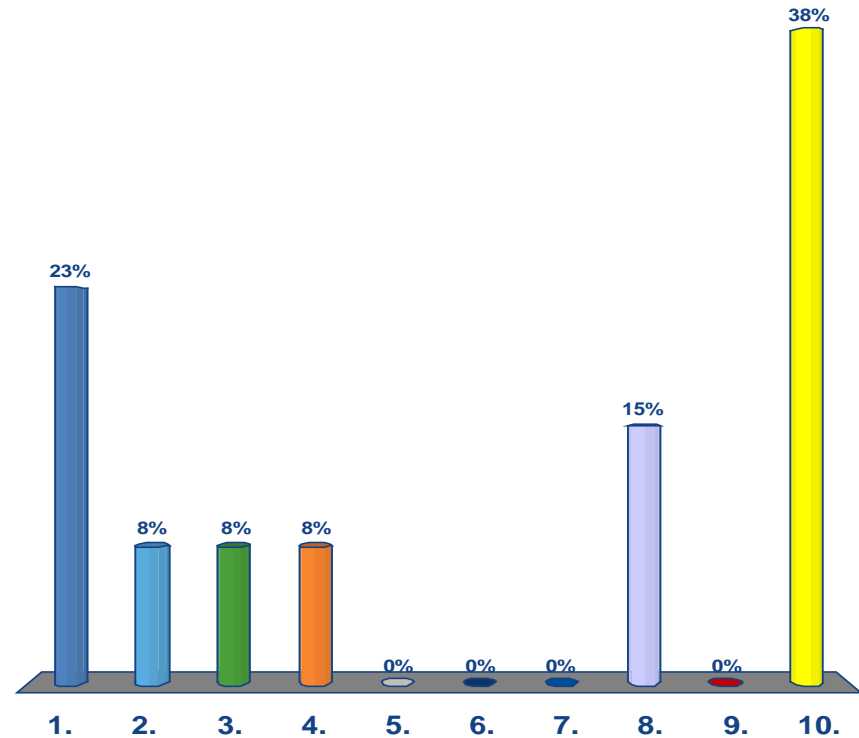

How Did You Hear About the Meeting? (Up to 3)

1. Yellow Post Card
2. Saw It in the CJ
3. Saw it in a Council Newsletter
4. Heard About it From Someone
5. Received a Flyer
6. Project WIN website

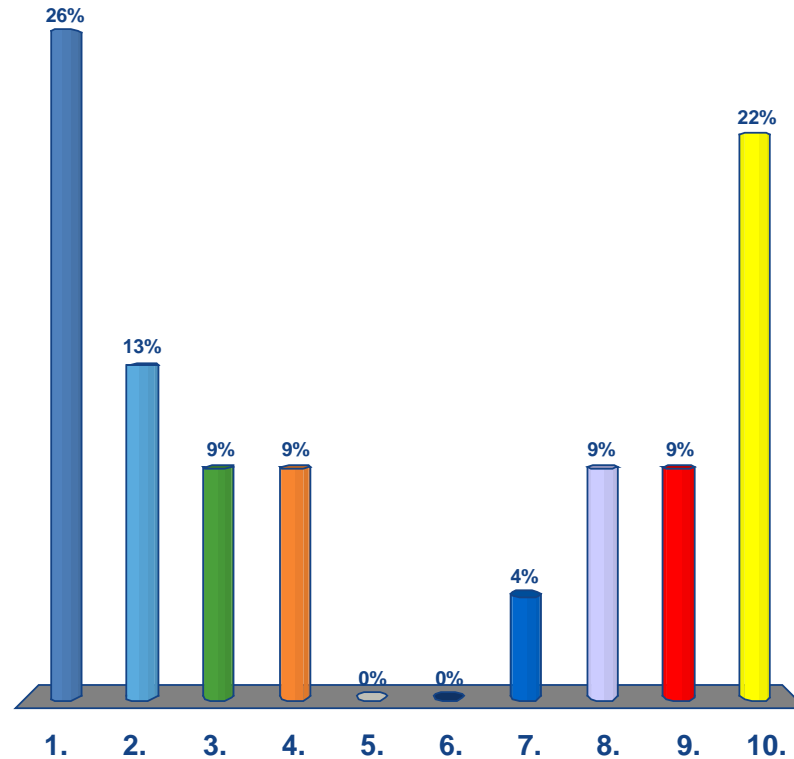

Area You Live In?

1. Area 1
2. Area 2
3. Area 3
4. Area 4
5. Area 5
6. Area 6
7. Area 7
8. Area 8
9. Area 9
10. Outside the Areas

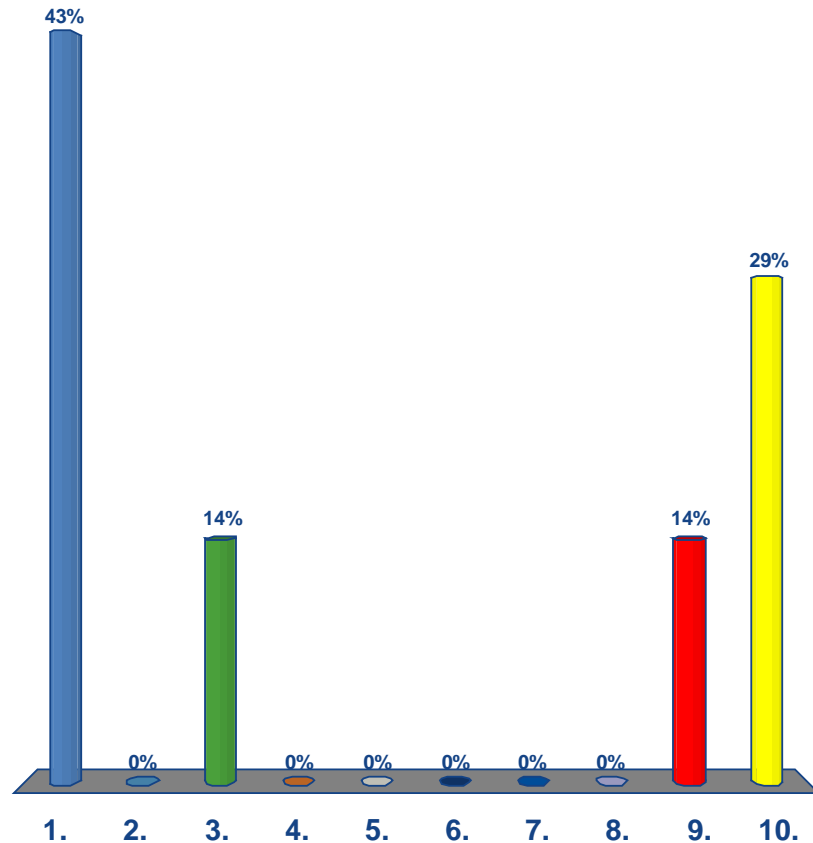

Areas You Work, Play or Go to School In? (Up to 3)

1. Area 1
2. Area 2
3. Area 3
4. Area 4
5. Area 5
6. Area 6
7. Area 7
8. Area 8
9. Area 9
10. Outside the Areas

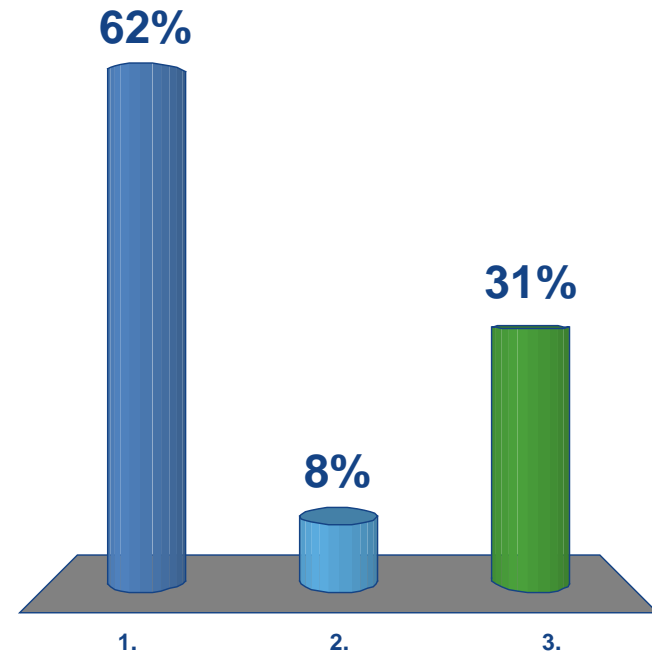

Business Owner? Which Area?

1. Area 1
2. Area 2
3. Area 3
4. Area 4
5. Area 5
6. Area 6
7. Area 7
8. Area 8
9. Area 9
10. Outside the Areas

How Familiar Are You With the I-64 & Grinstead Project?

1. Very Unfamiliar
2. Somewhat Familiar
3. Very Familiar

Thanks! We'll Be Back With More Questions Soon.

1. Project WIN Overview
2. Gather participant demographics
- 3. Provide an update on the I-64 & Grinstead CSO Basin design process**
4. Explore possible site concepts
5. Collect suitability and potential enhancement input
6. Collect comments on other aspects of the project

Structured Public Involvement

I-64 & Grinstead Drive CSO Storage Basin Project

Potential Concepts for the Site

1. No public access
2. Restricted access with public parking & trail head
3. Open access with passive recreation
4. Open access with structured recreation

Structured Public Involvement

I-64 & Grinstead Drive CSO Storage Basin Project

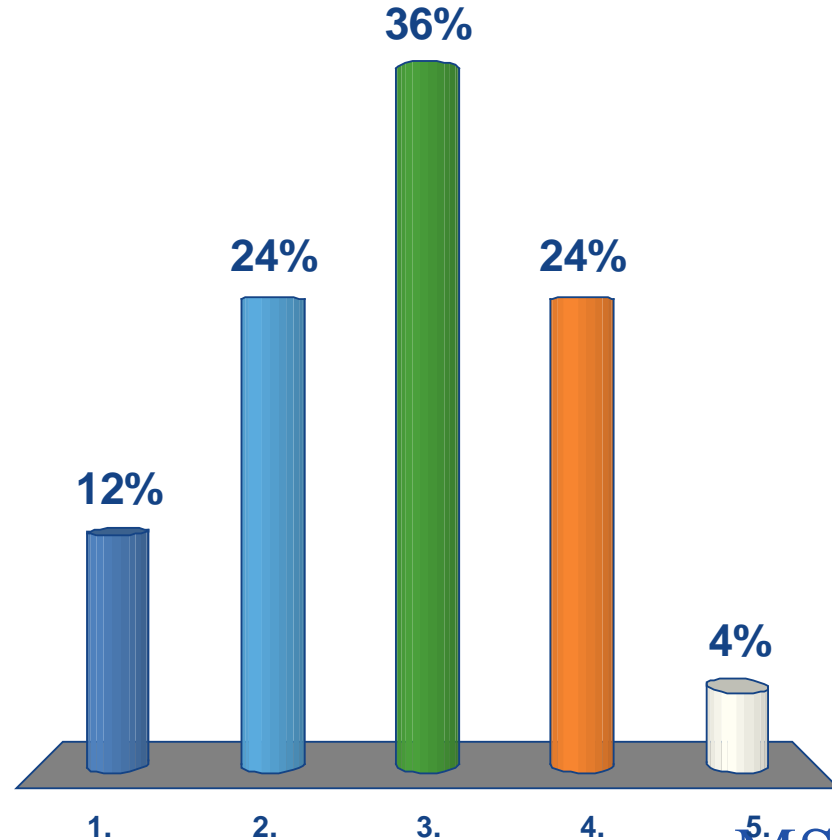

The Steps of the Process

1. Present some different potential concepts for the site
2. Make a list of your thoughts on advantages or cautions related to each
3. Have everyone tell us (score with keypads) which thoughts are most important to them
4. Solicit ideas for improvement
5. Score those ideas
6. Evaluate the concept overall for appeal
7. Do it again for the next concept

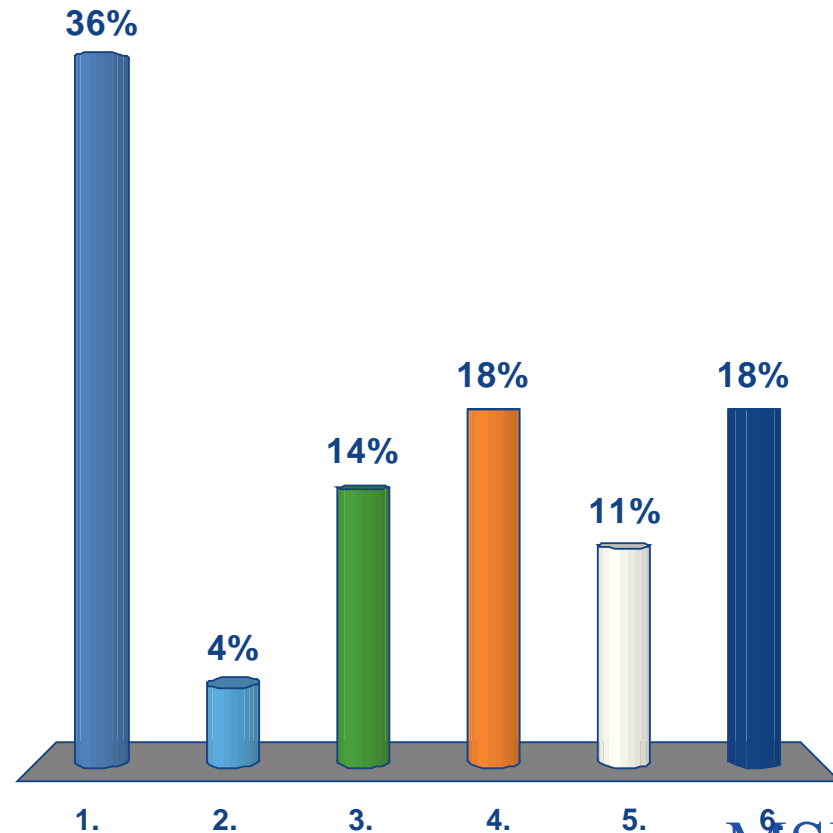

Concept 1: No public access. Benefits or Concerns? *(Choose up to 3)*

1. Less Graffiti on control bldg
2. Aesthetic concerns of security fence
3. Impact on existing trails
4. Less maintenance costs
5. Impact on homeless population

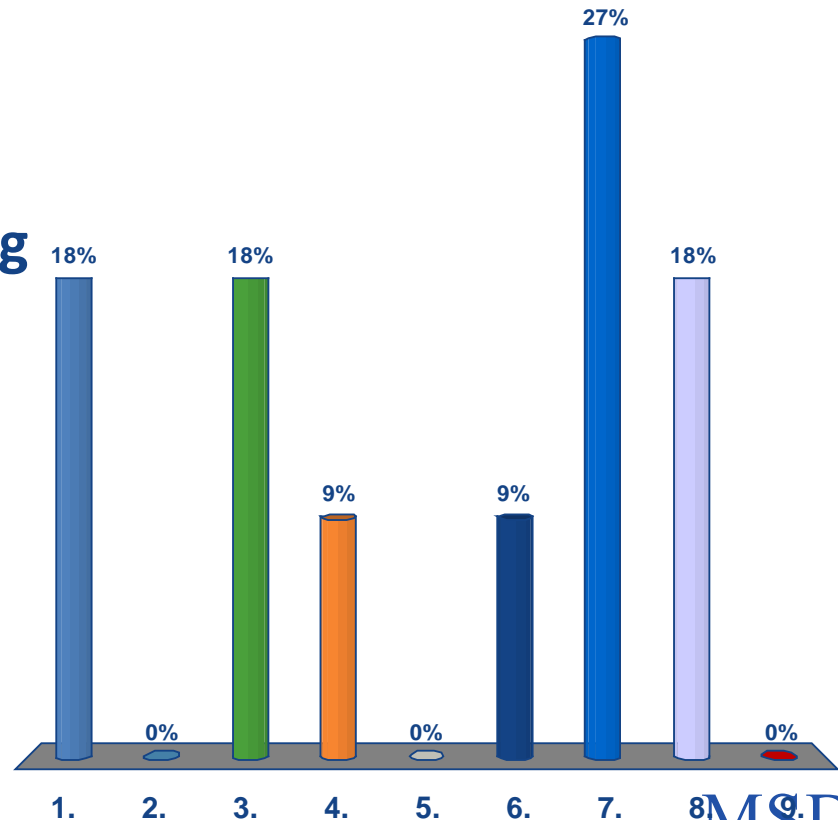

Concept 1: No public access. Mitigations/Enhancements? *(Choose up to 3)*

1. Green infrastructure top
2. Services for displaced homeless population
3. Wildlife displacement
4. Replace trees/offsite mitigation
5. Hydropower potential
6. Solar panels to run pumps

Concept 1: No Public Access. Overall, How Appealing Is This?

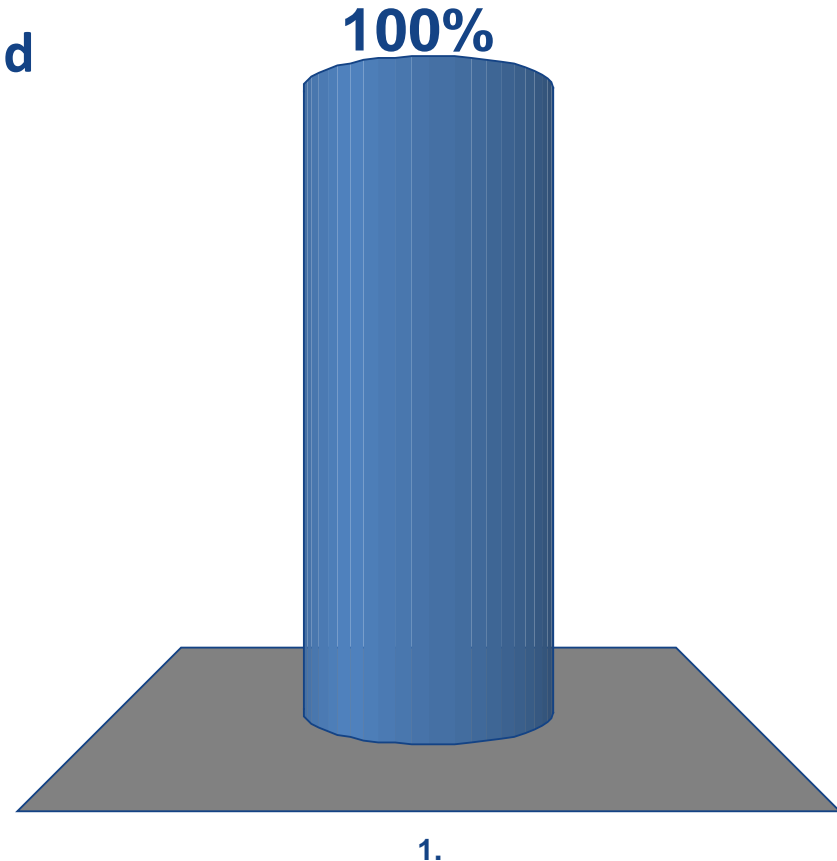

1. Horrid Concept
2. Pretty Bad Concept
3. Unappealing
4. Slightly Unappealing
5. Neutral
6. Slightly Appealing
7. Appealing
8. Pretty Good Idea
9. Brilliant Concept

Mean = 5.00

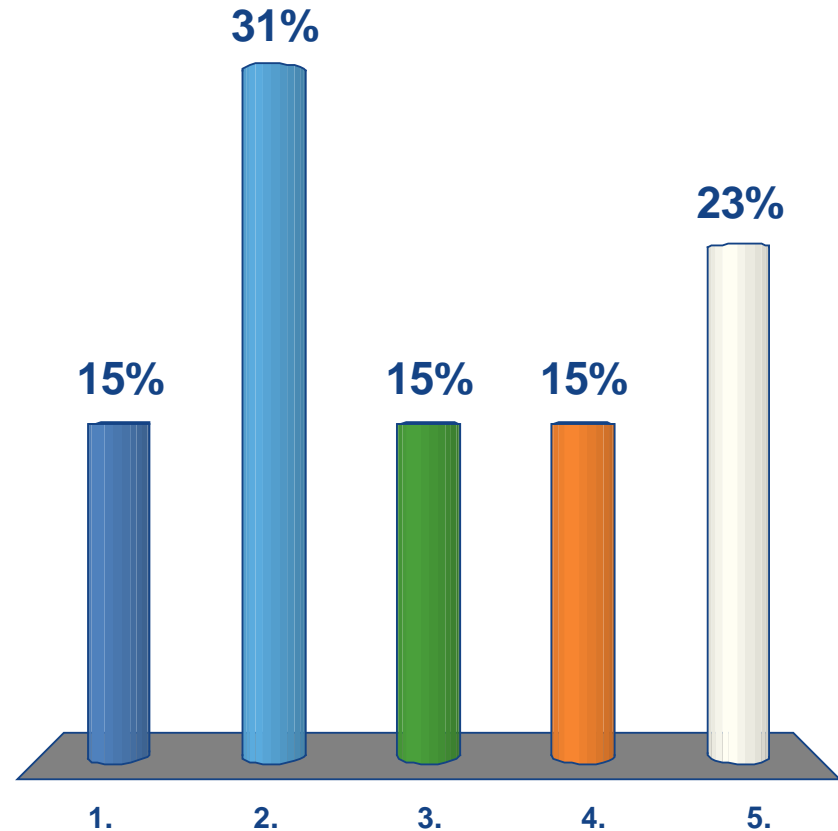

Concept 2: Restricted access /public parking /trail head. Benefits or Concerns? (3)

1. More parking for trailhead

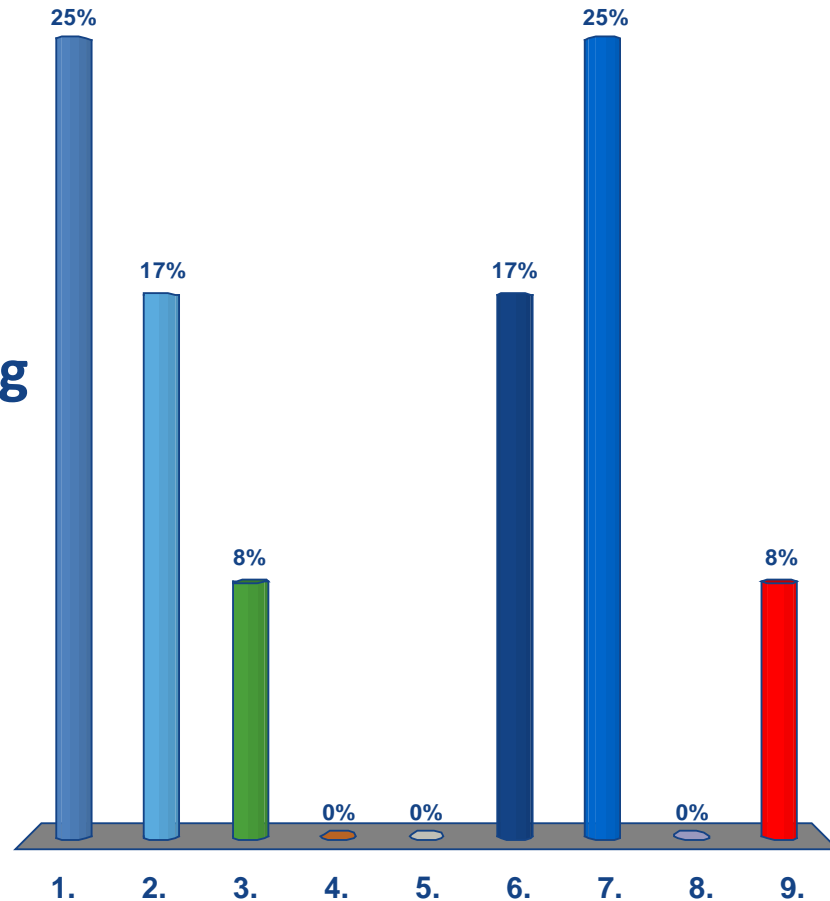

Concept 2: Restricted access /public parking /trail head. Mitigations/Enhancements? (3)

1. Pedestrian bridge over I64 to Irish Hill
2. Green infrastructure for parking lot
3. Educational signage along trail
4. Streetscape entrance sign
5. Eliminate effluent channel

Concept 2: Restricted access / public parking / trail head. Overall, How Appealing Is This?

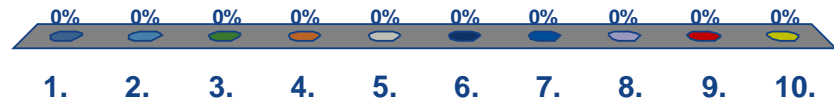

1. Horrid Concept
2. Pretty Bad Concept
3. Unappealing
4. Slightly Unappealing
5. Neutral
6. Slightly Appealing
7. Appealing
8. Pretty Good Idea
9. Brilliant Concept

Mean = 4.33

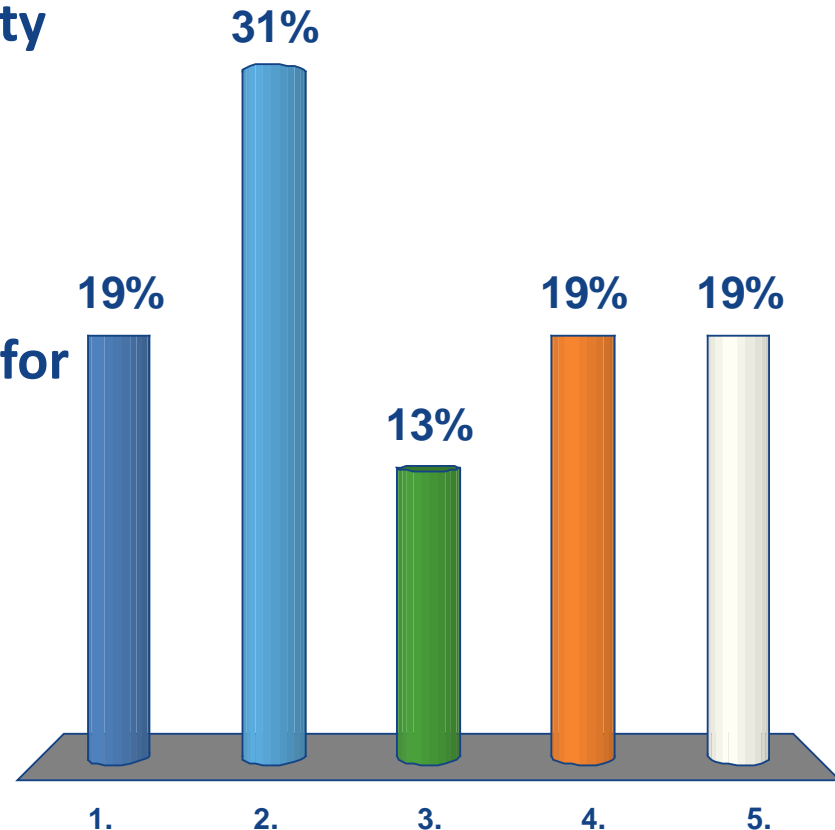

Concept 3: Open Access with Passive Recreation. Benefits or Concerns? (3)

1. Your comment
2. Your comment
3. Your comment
4. Your comment
5. Your comment
6. Your comment
7. Your comment
8. Your comment
9. Your comment
10. Your comment

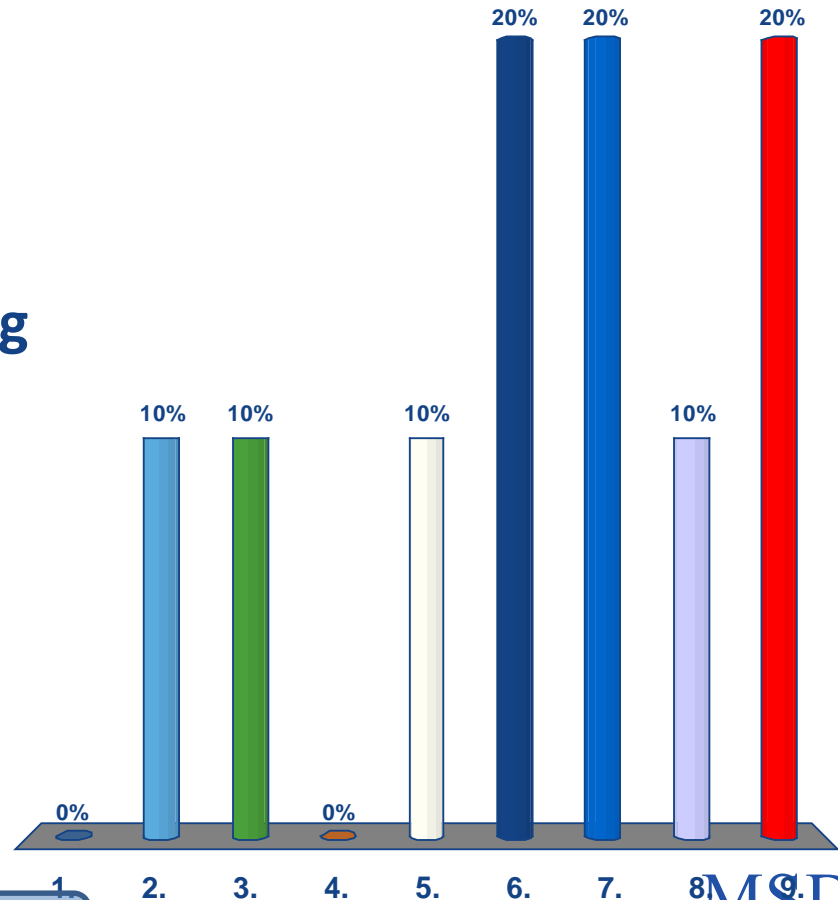

Concept 3: Open Access with Passive Recreation. Mitigations/Enhancements? (3)

1. MSD educational opportunity
2. Community garden
3. Add bicycle lockers
4. More bicycle facilities
5. Transfer to private industry for operation/maintenance

Concept 3: Open Access with Passive Recreation. Overall, How Appealing Is This?

1. Horrid Concept
2. Pretty Bad Concept
3. Unappealing
4. Slightly Unappealing
5. Neutral
6. Slightly Appealing
7. Appealing
8. Pretty Good Idea
9. Brilliant Concept

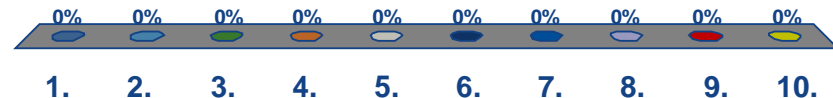

Mean = 6.20

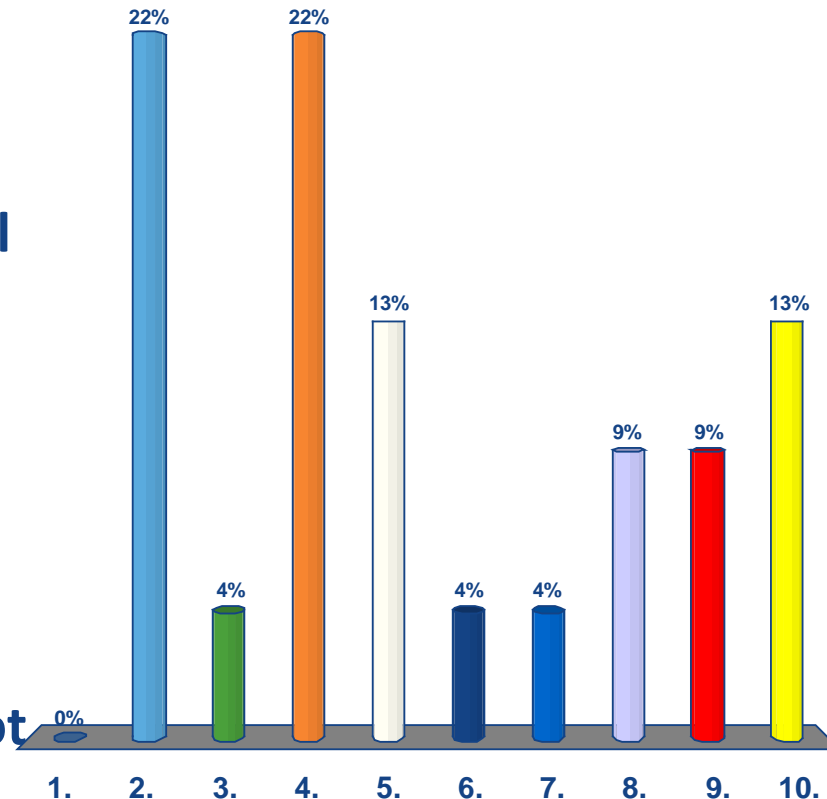

Concept 4: Open Access with Structured Recreation. Benefits or Concerns? (3)

1. Your comment
2. Your comment
3. Your comment
4. Your comment
5. Your comment
6. Your comment
7. Your comment
8. Your comment
9. Your comment
10. Your comment

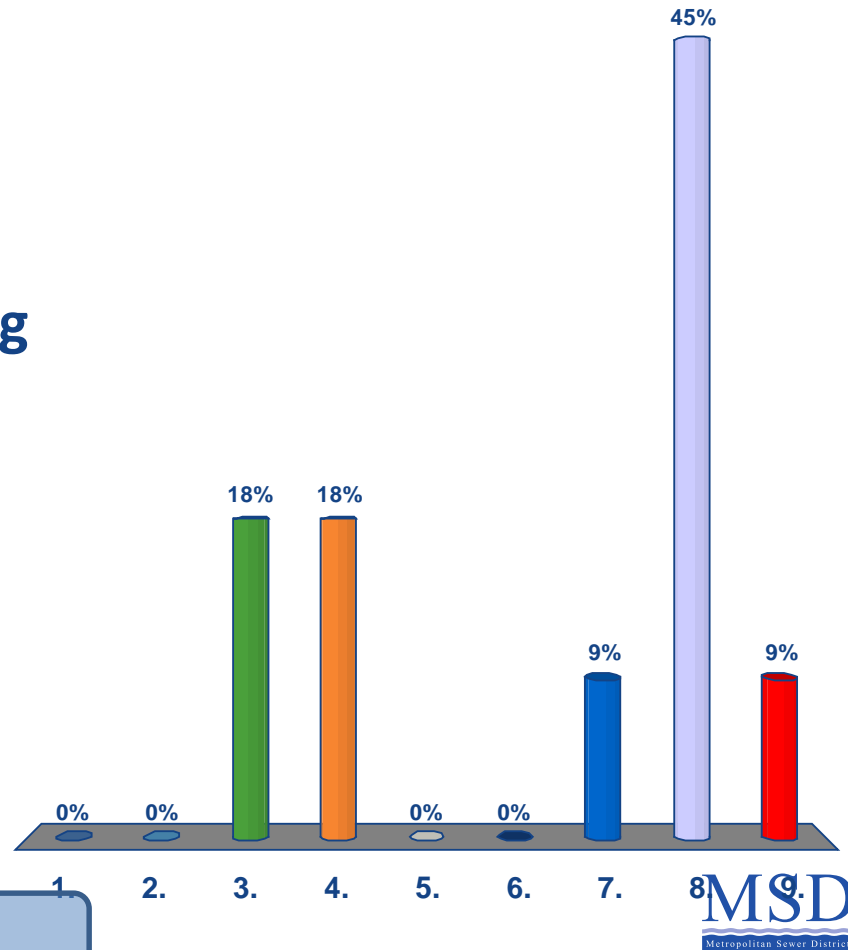

Concept 4: Open Access with Structured Recreation. Mitigations/Enhancements? (3)

1. Kayaking facilities
2. Picnic facilities
3. Privatized sports activities
4. Playground
5. Include trail with educational signage
6. Public pool
7. Community LOJIC access
8. Public service access
9. Music performance space
10. Offsite mitigation/ parking lot enhancements

Concept 4: Open Access with Structured Recreation. Overall, How Appealing Is This?

1. Horrid Concept
2. Pretty Bad Concept
3. Unappealing
4. Slightly Unappealing
5. Neutral
6. Slightly Appealing
7. Appealing
8. Pretty Good Idea
9. Brilliant Concept

Mean = 6.36

Project Path Forward

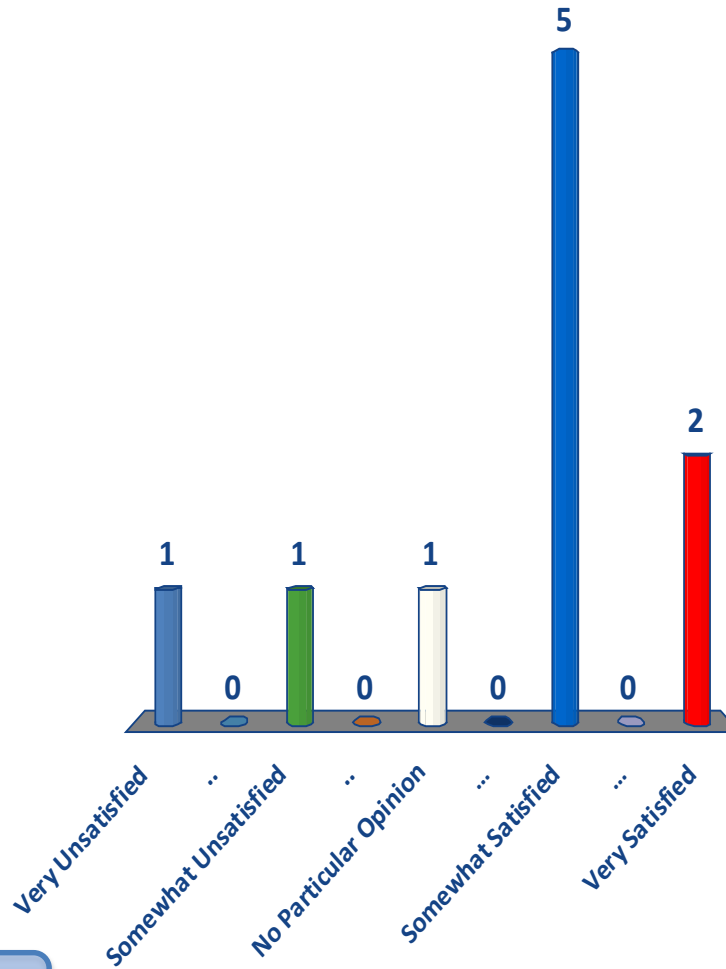

I-64 & Grinstead Drive CSO Storage Basin Project

- Project Development Public Input / Ongoing
- Detailed Project Development Public Input | Fall 2015
- Community Facilities Review (through Metro Planning & Design Services) | Fall 2016
- Construction Advertisement & Award | Spring 2107
- “Pardon Our Dust” Construction Kick-off Meeting | Summer 2017
- Construction | Fall 2017 – Summer 2020

How satisfied are you with this process?

1. Very Unsatisfied
2. ..
3. Somewhat Unsatisfied
4. ..
5. No Particular Opinion
6. ...
7. Somewhat Satisfied
8. ...
9. Very Satisfied

Mean = 6.20
