# SHAWNEE PARK BASIN PROJECT

## STAKEHOLDER ADVISORY COMMITTEE MEETING NO. 3

*APRIL 18, 2017*

# Reminders

- Feel free to quote yourself, not others. However, if you want to be quoted, be sure to say so.
- Qualify your comments if further vetting is required
- *All concerns will be heard.* Some upon request, others at the end.
- *The Parking Lot – Distracting, but important non-agenda items*

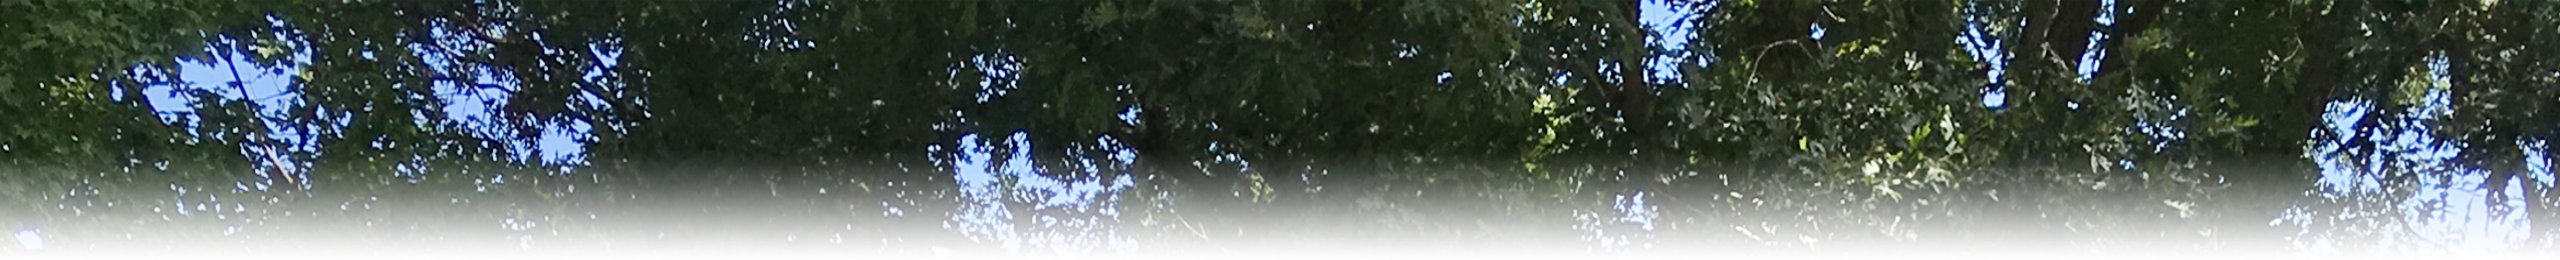

# SAC Member Key Topics

- ✓ Review results of design charrette sessions
- ✓ Metro Parks to share walking/car path improvements
- ✓ Opportunities to fill low lying areas within our limits of disturbance
- ✓ Update on National Park Service
- ✓ Notification Residents of Construction Activities

A construction site featuring large concrete pipes in the foreground and a yellow bulldozer in the background. The scene is partially obscured by a dark green horizontal band containing the text 'IN KIND EXPENSES'.

DRAFT

The image features a central green banner with the text "METRO PARKS IMPROVEMENTS" in white, bold, sans-serif font. The background is a composite image. The top portion shows a bright, overexposed sky with the dark silhouettes of trees. The bottom portion shows a construction site with several large, grey concrete pipes stacked in the foreground. In the background, a yellow bulldozer is visible, partially obscured by the pipes and a wooden structure. The overall scene suggests infrastructure work for park improvements.

# METRO PARKS IMPROVEMENTS

# Metro Parks Improvements

- *Lily Pond*
- *Ball House*
- *Renovated Athletic Courts*
- *Improved Hornung Field*
- *Miscellaneous Fill*

# CONSTRUCTION

# Activity to Date

- Construction commenced April 3, 2017
  - Erosion Control Measures Installed
  - Public Protection (fencing, traffic control, etc.) Installed
  - Strip and Stockpiled Topsoil

# Upcoming Activities

- Initial excavation (25' Deep Cut) – Thru Mid May
- Install sheet pile (80' long sheets) – Thru Mid August
- 2<sup>nd</sup> excavation haul to Hornung Field – Mid August to Mid September

A construction site featuring large concrete pipes in the foreground and a yellow tracked loader in the background. The scene is partially obscured by a dark green banner with white text.

# PUBLIC OUTREACH & DIVERSITY

- Subcontractors projected to meet 76% local labor commitment
- Opportunities for new hires
- 9 Subcontracts have been awarded

# Workforce Development

## STAGE 2 OUTREACH

- Final M/WBE Outreach session is being planned
- Identify remaining trades for new hire opportunities
- Provide prospective bidders a pool of local candidates
  - Develop list of candidates
  - Connect to pre-apprentice and apprenticeship programs

# Public Outreach

- [ShawneeParkBasinProject.org](http://ShawneeParkBasinProject.org)
- Toll Free Hotline (844) 429-5817

# Project Signage

The **Community Communication Signage** will serve the following purpose:

1. Keep residents updated on what to expect as the project progresses.
2. Remind residents of the new amenities the project will bring to the park.
3. Offer residents contact information in the event that an issue or concern arises.
4. Continue to build a strong positive brand for the project.

The signage will be updated about every 90 days.

Once the signs are ordered they can be installed within 10 days to 2 weeks.

# OLD BUSINESS

# January 10, 2017 SAC Follow-up

## Survey Items

## Action Items

- ✓ Present Pavilion Benefits
- ✓ Engage Urban League on Workforce Development Strategy
- ✓ Develop methodology for identifying and reacting to potential basin odors
- ✓ Meet with Big Momma's Kitchen to review construction plans
- ✓ Present final approved plan for Hornung Field
- ✓ Notify the community of construction delay

# NEW BUSINESS

## Next SAC Meeting

- Reschedule next SAC Meeting from 8/22/17 to 7/18/17

## Guest Comments

- Raise your hand to be recognized
- Comments to be held to 3 minutes

**END**
