Subject: Integrated Overflow Abatement Plan (IOAP)  
Public Input Meeting August 14, 2012  
Response to comments

Dear [REDACTED]

Thank you for taking the time to attend this meeting and provide us with verbal comments relative to MSD's IOAP program and specifically the work in the Camp Taylor neighborhood. We look forward to working with you on these efforts. Please contact us with any future comments or questions you may have.

This letter and the attached transcription of your verbal comments from the August 14 meeting will be posted on MSD's Project WIN web page at the link

██████████ "I'm ██████████ and I live in the Prestonia/Camp Taylor area. And I came tonight because, as much sometimes as I think I know, I still don't understand very many things. But what I have learned to value is and I have witnessed our government and our city officials truly seem to want to partnership. So, I'm grateful for that because I do think it's bigger than just a one person job. When you come and give clear information, which I have found tonight, so far, and it manifests in ways where you can do partnerships, I don't have to do a lot of other figuring, so I'm grateful for that piece. I won't say I'm happy about everything, but for this particular meeting and the partnership that continues to be built, I'm grateful. So, thank you."
