

# WE Want YOU To SHARE Your THOUGHTS!

**MSD** is excited to announce the next sewer overflow abatement project review and input public meeting. This meeting will begin with formal presentations on these topics:

- Proposed combined sewer overflow and sanitary sewer overflow project modifications
- Request for public input

Following the formal presentations, MSD staff will be available to discuss individual property issues and/or concerns with other sewer overflow abatement projects currently in planning, design, construction and drainage.

MSD is holding these meetings to keep you informed. We are seeking public input from you so that these specific projects and property decisions can reflect concerns of the people that are directly impacted. MSD encourages your participation so that we can work together to create a clean, green, growing community.

### MEETING 1

**Louisville Urban League**  
1535 West Broadway
