

MSD and You

Working TOGETHER In Your COMMUNITY

Learn. Share. Comment. Be a part of the solution to keep sewer rates low. MSD will be holding a community discussion on the sewer system that affects your home. Learn what a 2005 Federal Mandate requires us to do to lessen sewer overflows, why overflows occur, and what you can do to help protect our environment and save costs. Join us to discuss Louisville Metro's sewer overflow abatement plan.

The meeting will review the Integrated Overflow Abatement Plan along with an overview of the Muddy Fork Pump Station Force Main, Muddy Fork Interceptor Basin, Logan Street Basin, and the Mellwood Avenue CSOs Green Infrastructure and Inline Storage Project.

WHERE: **Dunn Elementary**
2010 Rudy Lane
Louisville, KY 40207

WHEN: **Tuesday, November 5, 2013**
6:00 p.m.

Although MSD encourages your attendance, questions and comments regarding sewer overflow abatement projects may also be submitted via email at commentsIOAP@msdlouky.org.

Comments may also be mailed in hard copy addressed to:

MSD IOAP Project Comments
Attn: Project WIN Program Manager
700 West Liberty St.
Louisville, KY 40203
