

WE Want YOU To SHARE Your THOUGHTS!

MSD was excited to announce the next sewer overflow abatement project review and input public meeting. The meeting began with formal presentations on these topics:

- Proposed combined sewer overflow and sanitary sewer overflow project modifications
- I-64 and Grinstead Drive storage basin project update and request for public input

Following the formal presentations, MSD staff was available to discuss property individual issues and/or concerns with other sewer overflow abatement projects currently in planning, design, construction and drainage. Staff was also be available to discuss the D.R Guthrie Water Quality Treatment Center Facilities Plan Amendment and the Hite Creek Facility Plan updates.

MSD is holding these meetings to keep you informed. We are seeking public input from you so that these specific projects and property decisions can reflect concerns of the people that are directly impacted. MSD encourages your participation so that we can work together to create a clean, green, growing community.
