

WE Want YOU To SHARE Your THOUGHTS!

Welcome to MSD's sewer overflow abatement project review and input meeting. We are seeking your input as community members so that project decisions can reflect concerns of the people that are directly impacted by these projects.

This MSD Public Input Meeting will be recorded. Your presence provides consent to be videotaped, photographed, and/or recorded and for the use of your image. Any such materials (video, audio, film, slides, etc.) will be used with the intent to communicate responsibly the subject matter contained therein. The materials may also be used for promotional purposes.

There are several ways that you can provide input during this meeting:

- You can speak on camera tonight during a question and answer segment following the presentation given at 6:30 p.m.
- You can also talk with staff individually at the assigned tables located around the room (rooms are labeled to narrow down your comments/concerns). Staff member will record and/or collect your comment(s).
- You may send in an email at commentsIOAP@msdlouky.org
 - Comments/concerns will be taken through this email until February 10, 2012
- You may also send in a letter in hard copy to:
MSD IOAP Project Comments
Attention: Project WIN Program Manager
700 West Liberty St.
Louisville, KY 40203

Once again, we welcome you and want to thank you for your participation and input in a collaborative effort to maintain a clean, green, growing community.
